

Foundational courses

The foundational courses cover machine learning fundamentals and core concepts.  
We recommend taking them in the order below.

NEW

### Introduction to Machine Learning

A brief introduction to machine learning.

NEW

### Maching Learning Crash Course

A hands-on course to explore machine learning.

NEW

### Problem Framing

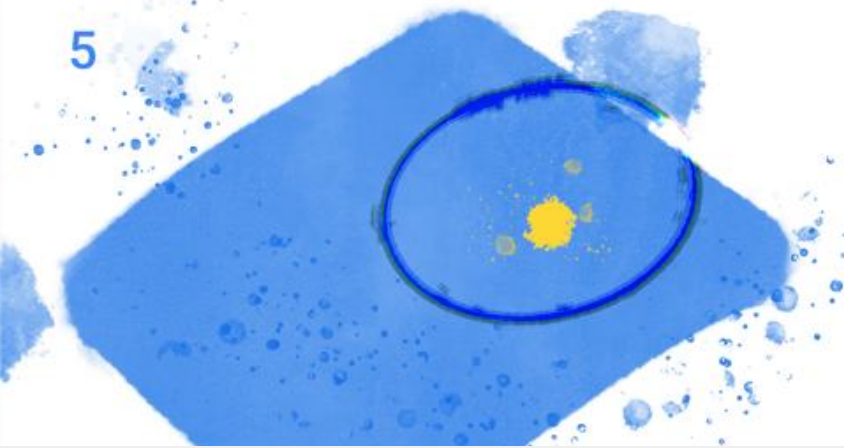

A course to help you map problems to machine learning

NEW

### Data and Feature Engineering

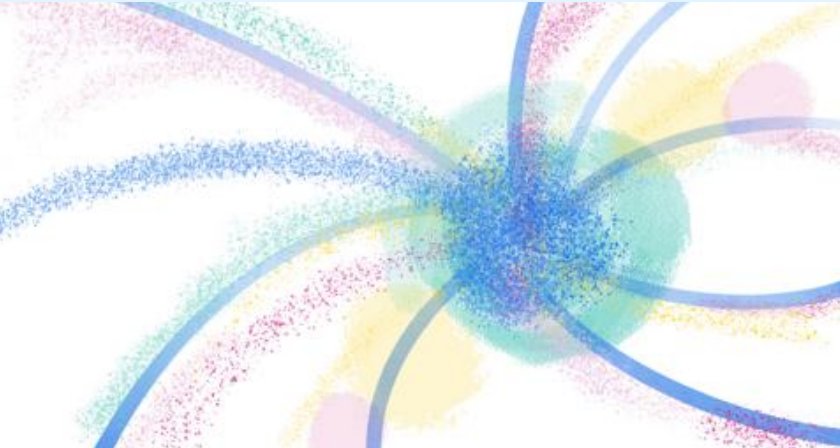

An introduction to preparing your data for ML.

NEW

### Testing and Debugging

Strategies for testing and debugging machine learning

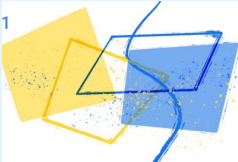

NEW

### Explore Advanced courses

Take more ML courses to improve your knowledge.
